

CERTIFICATE OF INTERNSHIP

PRESENTED TO

Sachin Kumar

has successfully achieved the Internship Credential by completing a 8-week program in the domain of

Arduino to AI: Embedded Intelligence Engineering

During the internship, the learner demonstrated proficiency in:

- Introduction to Embedded Systems & Arduino & Basics of Electronics for Arduino
- Arduino Programming Fundamentals & Digital & Analog I/O + Basic Robotics
- Sensor Interfacing & Smart Access Systems & Communication Protocols & IoT Connectivity
- Control Systems & Embedded Intelligence & Smart Infrastructure & Energy Systems
- Autonomous Robotics Systems & Introduction to AI/ML for Embedded Systems
- Advanced AI & Computer Vision on the Edge & Embedded System Design Principles
- Advanced Sensor Fusion & State Estimation & Embedded Security Fundamentals & Embedded Systems for Real-World Applications
- Project Planning & System Architecture & Hardware Assembly & PCB Basics & Testing, Debugging & Documentation & Capstone Project: Embedded Intelligence Engineering

This certification recognizes the successful completion of the internship requirements.

Issued on: Jul 29, 2026

Certificate ID: 2026-0301A7D401
